Draft Rules

1. These rules may be called the Petroleum (First Amendment) Rules, 1969.
2. In the Petroleum Rules, 1937 (hereinafter called the said rules), for sub-rule (3) of rule 115, the following sub-rule shall be substituted, namely:—

“(3) Where the licensing authority is the Chief Inspector or an Inspector of Explosives an applicant for a new licence may apply to the District Authority for a certificate to the effect that there is no objection to the applicant receiving a licence for the site proposed and the District Authority shall, if he sees no objection, grant such certificate to the applicant who may forward it to the Chief Inspector or an Inspector of Explosives as the case may be with his application in Form D. The no objection certificate so granted shall be liable to be cancelled or withdrawn by the District Authority or the State Government, if the District Authority or the State Government is satisfied that the licensee has ceased to have any right to use the site for storing petroleum, or that the licensee is unable to meet satisfactorily from the petroleum storage site the normal day-to-day requirements of the area”.
3. In the said rules, for sub-rule (1) of rule 121, the following sub-rule shall be substituted, namely:—

“(1) Every licence granted under these rules,—

 - (i) shall stand cancelled, if the licensee ceases to have any right to use the site for storing petroleum;
 - (ii) shall stand cancelled, if the no objection certificate is cancelled or withdrawn by the District Authority or the State Government, in accordance with sub-rule (3) of rule 115;
 - (iii) shall be liable to be suspended or cancelled, by an order of the licensing authority for any contravention of the Act or of any rule thereunder or of any condition contained in such licence”.
